

Apply to the Rising UP in Spain program to accelerate your project

❖ About Rising UP in Spain

It's the new soft-landing and acceleration initiative by ICEX Invest in Spain to support international technology startups looking to develop their projects in Spain.

❖ What Rising UP in Spain does for you

Rising UP in Spain selects 15 innovative projects to receive the following benefits:

- Visa support services (fast-track)
- Free co-working space for 6 months
- Access to venture capital
- Soft-landing and acceleration by
- Media exposure
- Entry to forums for startups

Projects not selected to participate in the program may benefit from our complimentary services at ICEX Invest in Spain to support the creation of their company in Spain. Additionally, ICEX Invest in Spain may, on a case by case basis and with prior authorization, share the information about a select number of startups with potential investors and clients.

❖ Who will accelerate your project?

Our partner for the services is the team made up by Cink Venturing + TheVentureCity. Cink Venturing has extensive experience providing services to entrepreneurs in Spain, and TheVentureCity is a renowned international accelerator with a novel and successful investment and acceleration model.

❖ What startups are eligible?

The program is designed for technology projects by foreign entrepreneurs or non-resident Spaniards. Startups shall have at least 10% foreign capital and intend to develop their project in Spain.

❖ What's the application deadline?

Applications are accepted through January 19, 2020.
